

Memory Competition for the book of JOHN

1. Check off the verses you know. You will get one entry for the CD drawing for each verse learned and an appropriate treat for the level of verses learned.
2. You need to report your memory verses at each quiz meet. Do the same format you have done in the past (see #3-5 below)
3. At the quiz meet find an adult, **not** from your church or team.
4. You will be asked to quote at least 3 verses. If you miss one you will be given a second chance to get a 3rd correct verse with another verse. If you can quote three (3) of them completely and correctly, then all of your checked off verses will count towards your total entries.
5. If you do not get 3 right in 4 attempts, then ALL your entries will be declined. So make sure you know the verses and that you are ready to quote them when you are asked.
6. Extra verses can be included once all memory for the current and preceding months has been learned. These verses need to be checked as well. You will be asked to additionally quote one verse from that group for a few miscellaneous verses exactly; for an additional chapter you will be asked to quote 6 or 7 verses in a row from that chapter; and for an additional 2 or more chapters you will be asked to quote from 2 passages of 6 to 7 verses long and you will need to quote all these chapter passages content specific.
